PAYMENT STATUS UPDATE FROM THE ALLOCATION NEUTRAL

The Allocation Neutral respectfully submits this status update regarding payments made and to be made pursuant to the World Trade Center Litigation Settlement Process Agreement, As Amended ("Settlement Process Agreement"). Exhibit 1 summarizes the information regarding payment status contained in this report. The Exhibit was originally submitted in the "PAYMENT STATUS REPORT FROM THE ALLOCATION NEUTRAL" dated March 9, 2011 ("March 9th Report"), and was subsequently updated and submitted to the Court on April 13, 2011. The purpose of this supplemental narrative is to provide context to Exhibit 1 and the April 13th update to the March 9th Report. For the Court's convenience, capitalized terms not defined herein shall have the meaning ascribed to them in the Settlement Process Agreement.

Status of Initial Payments

Since the March 9th Report, 11 additional payment waves have been completed. As of this report, 9,918 Primary Plaintiffs and 5,333 Derivative Plaintiffs have appeared on payment instruction reports issued to the WTC Captive. All payment instruction reports, once issued to the WTC Captive, have been processed by the WTC Captive without delay. Over 95% of Initial

Payments have been made. A few outstanding issues remain to be resolved by the Parties – and not the Allocation Neutral – in order to complete all Initial Payments. The Parties are making progress on resolving these outstanding issues, and the Allocation Neutral will include the remaining Initial Payments on subsequent payment instruction reports as soon as the Parties notify the Allocation Neutral that the outstanding issues are resolved.

The March 9th Report outlined the conditions for payment to occur. *See* March 9th Report at 3. As of this report, the items needing resolution are:

- Stipulations of dismissal (*see* Settlement Process Agreement, Ex. T) for 9 plaintiffs;
- Opt-In documents for 8 plaintiffs;
- Claim Form deficiencies for 6 plaintiffs;¹
- Work Verification deficiencies for 11 plaintiffs;
- Lien resolution for 80 plaintiffs; and
- Estate or fee lien holds for 180 plaintiffs.

The Allocation Neutral can only issue payment instructions for a claimant when all of the above conditions have been satisfied. As indicated above and in Exhibit 1's "Overall Claim Milestone Status" table, the most significant obstacles to Initial Payments are estate and lien holds, which collectively account for nearly ninety percent (90%) of all current impediments to Initial Payments. Plaintiffs' counsel are aware of and working to resolve these issues.

Status of Additional Payments

Under the terms of the Settlement Process Agreement, there are no future payments due to Tier 1 claimants. Tier 2, Tier 3, and Tier 4 claimants, however, have received or will receive the following payments, in addition to their respective Initial Payments:

¹ Claim Form and Qualifying Medical Record submissions were due by March 28, 2011.

- For Tiers 2 and 3: Accelerated Final Payments;
- For Tier 4: Interim Payments and Final Distributions;
- For Tiers 2, 3 and 4: Permanent Disability Fund awards, if applicable;
- For Tiers 2, 3 and 4: Mixed Orthopedic Injury payments, if applicable; and
- For Tiers 2, 3 and 4: Qualifying Surgery payments, if applicable.

Tier 2 and 3 Accelerated Final Payments: The Allocation Neutral, in accordance with the terms of the Settlement Process Agreement, began making Accelerated Final Payments with the Wave 8 payment instruction report issued on March 30, 2011, to the WTC Captive. Accelerated Final Payments have continued to appear on each subsequently issued weekly payment instruction report and, as of this report to the Court, Accelerated Final Payments to 1,974 Primary Plaintiffs and 1,090 Derivative Plaintiffs have appeared on a payment instruction report. This represents Accelerated Final Payments to more than 90% of those plaintiffs claiming Tiers 2 or 3. The WTC Captive has processed these payment instructions without delay.

Depending upon the status of deficiencies and the submission of Reconsideration Requests, waivers of Reconsiderations Requests, and Appeals to the Claims Appeals Neutral, the Allocation Neutral expects to make all Accelerated Final Payment determinations by the end of May 2011.

Tier 4 Interim Payments and Final Distributions: Pursuant to the terms of the Settlement Process Agreement, the next payment for a Tier 4 claimant after the Initial Payment is the Interim Payment. Interim Payments for Tier 4 claimants are dependent not only upon satisfaction of all payment conditions, as described above, but also upon Final Total Scores being established for approximately 40% of all Primary Plaintiffs who claim a Tier 4 Qualifying Injury

in a given Master Docket after the Allocation Neutral's evaluation of each such claimant's Claim Form and Qualifying Medical Records. The Allocation Neutral shall instruct the WTC Captive to make Interim Payments to Verified Tier 4 Primary Plaintiffs with Final Total Scores in a Master Docket and to corresponding Derivative Plaintiffs in the amount of 40% of the projected value of each verified Tier 4 plaintiff's Final Distribution in that Master Docket. Over 1,800 Tier 4 Determination Notices and 600 Tier 4 Deficiency Notices have been issued to date.² Interim Payments are projected to start by the end of June 2011 if conditions are met.

Following his or her Interim Payment, a Tier 4 claimant will receive a Final Distribution at the end of the Allocation Process. Final Distributions are available only to Verified Tier 4 Primary Plaintiffs and corresponding Derivative Plaintiffs and are subject to the Point System and Final Distribution formula set forth in the Settlement Process Agreement. Final Total Scores are to be determined within 180 days of the Final Settlement Agreement Effective Date (which was January 5, 2011). Final Distributions are expected to be completed within 315 days of the Final Settlement Agreement Effective Date, following resolution of Reconsideration Requests

² For the Court's reference, a Tier 4 "Determination Notice" sets forth the Allocation Neutral's determination regarding a Tier 4 claimant's Qualifying Injury(ies) and his or her Final Total Score. The Final Total Score is calculated using the Base Points assigned to the claimant's Primary Qualifying Injury (*see* Settlement Process Agreement, Ex. C) as determined by the Allocation Neutral following its Claim Form and Qualifying Medical Records review and includes adjustments to Base Points to account for the claimant's Adjustment Factor responses in his or her sworn Claim Form. Determinations Notices are posted to the Allocation Neutral's web portal when complete and thereafter are immediately accessible by counsel.

"Deficiency Notices" reflect the Allocation Neutral's finding(s) that a plaintiff's Claim Form and/or Qualifying Medical Records are deficient in some respect. These, too, are posted to the Allocation Neutral's web portal and thereafter are immediately accessible by counsel. Upon receipt of a Deficiency Notice, plaintiff's counsel has up to 25 days to cure the deficiency. Cures often require the submission of or reference to additional Qualifying Medical Records.

and Appeals by all Primary Plaintiffs who claim Tier 4 Qualifying Injury(ies) in each Master Docket.

Status of Other Elements of Recovery

Permanent Disability Fund Awards: Those claimants who are entitled to a Permanent Disability Fund ("PDF") award will receive that payment after the Allocation Neutral has reviewed all PDF applications and issued corresponding award determinations. The Allocation Neutral has expedited all PDF reviews in accordance with the Settlement Process Agreement, and expects to issue Determination Notices for PDF claims, along with associated Qualifying Injuries for those same claimants, by the end of May 2011. PDF award payments will be made pursuant to the terms of the Settlement Process Agreement. Due to the possibility of Reconsideration Requests and Appeals submitted by claimants who claim PDF eligibility and/or who dispute their PDF score as determined by the Allocation Neutral, it is estimated that PDF payments will be made by September 30, 2011.

Mixed Orthopedic Injury Payments: Based on current Claim Form reviews, there are more than 100 claimed Mixed Orthopedic Injuries. The Allocation Neutral anticipates completing Mixed Orthopedic Injury determinations by the middle of June 2011. Because Mixed Orthopedic Injuries may not be the only injury alleged by a particular claimant, the Allocation Neutral intends to issue determinations on these claimants' entire claim before issuing payment determinations on the Mixed Orthopedic Injury component. Due to the possibility of Reconsideration Requests and Appeals submitted by these claimants and their counsel, it is estimated that Mixed Orthopedic Injury payments will be made by September 30, 2011.

Qualifying Surgery Payments: Qualifying Surgery claims are reviewed concurrently with Qualifying Injuries. This is necessary because Qualifying Surgery payments are

conditioned upon Qualifying Injury determinations upon which the claimed Qualifying Surgery(ies) are predicated. Qualifying Surgery determinations for which Reconsideration Requests are waived should be finalized at the earliest the week of August 21, 2011. Resulting payments will be made with remaining Accelerated Final Payments for Tiers 2 and 3 and with Interim Payments and Final Distributions for Tier 4. Conditions for some claims were met the week of May 16, 2011, and the first group of Qualifying Surgery payments have been made.

London Marine insurance settlement: The parties to the London Marine insurance settlement recently executed a final settlement agreement. Pursuant to that agreement, the London Marine insurers must deposit \$28 million into the Separate Account by June 10, 2011. Of this amount, \$27.5 million will be distributed to Primary Plaintiffs eligible to participate in the marine insurance settlement and \$500,000 will be used to satisfy Allocation Costs, including the Allocation Neutral's fees. Shortly after that deposit, initial marine insurance payments will be made to settling Primary Plaintiffs eligible to participate in the London Marine insurance settlement. Additional marine insurance payments will be made to marine-eligible Verified Tier 4 Primary Plaintiffs with their Final Distributions.

Expense Audits

The Allocation Neutral has conducted pre-payment expense audits as described in the March 9th Report. *See* March 9th Report at 7-8.

A total of 455 out of the 10,116 Primary Plaintiffs who the Parties agree have opted into the settlement were randomly selected for pre-payment audit. The Expense Audit is 100% complete. As each audit was completed for a particular claim, the claimant was included in the next weekly payment instruction report. As of this report, there are no claims for which payment is being held due to an unresolved or incomplete expense audit.

Random Audits

The Allocation Neutral, in accordance with the terms of the Settlement Process Agreement, has selected for Random Audit 5% of Primary Plaintiffs who claim a Tier 3 Qualifying Injury and 5% of Primary Plaintiffs who claim a Tier 4 Qualifying Injury based upon all submitted Claim Forms. Plaintiffs' counsel have been notified of the Random Audit selection by the Allocation Neutral and have been directed to the Allocation Neutral's web portal for completion of the requirements specified in Section XI.M of the Settlement Process Agreement.

As of this report, 100% of Tier 3 Random Audits have been completed and 37% of Tier 4 Random Audits have been completed. Based upon the Random Audits completed to date, the Allocation Neutral has not issued any requests for Targeted Audits at this time.³

The Allocation Neutral will continue to update the Court throughout the payment and related audit processes.

Respectfully submitted,

Matthew L. Garretson, Esq.
Garretson Resolution Group, Inc.
Allocation Neutral

May 19, 2011

³ "Targeted Audits" are only required if more than 10% of Tier 3 and/or Tier 4 claims selected for Random Audits result in findings by the Allocation Neutral of material representation, material omission or material concealment of the type described in Section XI.M of the Settlement Process Agreement. In such circumstances, the Allocation Neutral shall conduct a "Targeted Audit" of another 5% of the affected Tier or Tiers.
